SUMMARY

As a passionate Full-Stack Developer, I specialize in building responsive, scalable, and visually engaging web applications. With strong proficiency in React.js, HTML, CSS, JavaScript, and backend technologies such as Node.js and MongoDB/PostgreSQL, I deliver seamless end-to-end solutions. I thrive in collaborative environments, working closely with design and product teams to translate ideas into efficient, maintainable code. My focus on performance optimization, clean architecture, and user-centric design ensures high-quality digital products that boost engagement and drive measurable results.

EXPERIENCE

Web Developer

Freelance

📅 03/2023 ? Present

Freelance Web Developer

- Implemented A/B testing on landing page to increase likelihood of customer conversion by 14% ??$90,000 in new monthly revenue)
